

LANGKAH-LANGKAH PENUKARAN KATA LALUAN BAGI E-RASMI TLDM (MELALUI TELEFON - HUAWEI)

1. Buka Emel di telefon menggunakan icon 

2. Paparan akaun emel akan dipaparkan seperti di bawah, klik 'Settings'

3. Paparan *manage accounts* akan dipaparkan seperti di bawah, klik akaun E-mel Rasmi TLDM pengguna.

4. Paparan tetapan pengguna akan dipaparkan seperti di bawah, klik 'CHANGE SERVER SETTINGS'

5. Masukkan kata laluan yang baru dan klik.
'Done'.

The screenshot shows a mobile application interface for connecting an Exchange account. The title bar is blue with a back arrow, the text 'Connect Exchange', a help icon, and a checkmark. The status bar at the top shows 'redONE', 'Digi', signal strength, and the time '09:15'. The form contains the following fields:

- Email Address: `pentadbiremel@navy.mil.my`
- Server (example: server.domain.com): `webmail.navy.mil.my`
- Domain\Username: `navy.mil.my\pentadbiremel`
- Password: A red box highlights this field with an orange arrow and the text 'Klik'.
- Description (example: Work):

At the bottom, there is a section for 'ADVANCED SETTINGS' with a toggle switch that is currently turned on.

Sekian, terima kasih.
